## Introduction

This document is linked to our five PROUD values:

Our children are confident learners, they work hard to succeed with every challenge.

Our children show respect for themselves and other people in our community, our country and our world.

Our children love learning and are keen to learn in our school, at home and in the future.

Our children have strong core skills in communication (reading, writing, speaking and computing), mathematics and have a good understanding of topics across the whole curriculum.

Our children are confident to share their views, listen to other people's ideas and opinions and make decisions that help everyone achieve.

This document links to the following articles from the United Nations Convention on the rights of the child.

Article 18 Children have a right to be protected;

Article 23 Children have a right to special education and care;

Article 28 Children have a right to a good quality education;

The aims of our first aid policy are to:

- Ensure the health and safety of all staff, pupils and visitors
- Ensure that staff and governors are aware of their responsibilities with regards to health and safety
- Provide a framework for responding to an incident and recording and reporting the outcomes

## 2. Legislation and guidance

This policy is based on the [Statutory Framework for the Early Years Foundation Stage](#) and [Early years foundation stage: coronavirus disapplication's](#) guidance, advice from the Department for Education on [first aid in schools](#), [health and safety in schools](#) and [actions for schools during the coronavirus outbreak](#), and the following legislation:

- [The Health and Safety \(First Aid\) Regulations 1981](#), which state that employers must provide adequate and appropriate equipment and facilities to enable first aid to be administered to employees, and qualified first aid personnel
- [The Management of Health and Safety at Work Regulations 1992](#), which require employers to make an assessment of the risks to the health and safety of their employees
- [The Management of Health and Safety at Work Regulations 1999](#), which require employers to carry out risk assessments, make arrangements to implement necessary measures, and arrange for appropriate information and training
- [The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations \(RIDDOR\) 2013](#), which state that some accidents must be reported to the Health and Safety Executive (HSE), and set out the timeframe for this and how long records of such accidents must be kept
- [Social Security \(Claims and Payments\) Regulations 1979](#), which set out rules on the retention of accident records
- [The School Premises \(England\) Regulations 2012](#), which require that suitable space is provided to cater for the medical and therapy needs of pupils

## 3. Roles and responsibilities

- Admin staff will keep their contact details up to date

Our school's first aiders are displayed around the school in the staff room and first aid areas.

### **3.2 The local authority and governing board**

The Royal Borough of Greenwich has ultimate responsibility for health and safety matters in the school, but delegates responsibility for the strategic management of such matters to the school's governing body.

The governing body delegates operational matters and day-to-day tasks to the Heads of School and staff members.

- The first aider or relevant member of staff] will complete an accident report form on the same day or as soon as is reasonably practical after an incident resulting in an injury
